FOREWORD.....	4
INTRODUCTION.....	5
1 Scope.....	7
2 Normative references .....	7
3 Terms, definitions and abbreviated terms .....	7
3.1 Terms and definitions.....	7
3.2 Abbreviated terms.....	8
4 Conformance .....	8
5 Overview .....	8
5.1 Purpose .....	8
5.2 Test configuration .....	8
5.3 Requirement of verification .....	9
5.4 Test environment .....	9
6 IGRS RA test suite structure.....	9
6.1 Structure overview .....	9
6.2 IGRS RA user conformance test suite .....	10
6.3 IGRS RA device conformance test suite.....	10
6.4 Rules of the test suite .....	11
7 IGRS RA user conformance test suite.....	11
7.1 User register conformance test suite.....	11
7.1.1 Message and flow.....	11
7.1.2 Test case set.....	11
7.2 User login conformance test suite .....	12
7.2.1 Message and flow.....	12
7.2.2 Test case set.....	12
7.3 Relationship establishment conformance test suite .....	12
7.3.1 Message and flow.....	12
7.3.2 Test case set.....	13
7.4 Relationship releasing conformance test suite .....	13
7.4.1 Message and flow.....	13
7.4.2 Test case.....	13
7.5 Device verification code management conformance test suite.....	14
7.5.1 Message and flow.....	14
7.5.2 Test case.....	14
7.6 Device access rights configuration conformance test suite.....	15
7.6.1 Message and flow.....	15
7.6.2 Test case.....	15
7.7 Message exchange conformance test suite .....	16
7.7.1 Message and flow.....	16
7.7.2 Test case set.....	16
7.8 User logout conformance test suite .....	17

7.8.1	Message and flow .....	17
7.8.2	Test case set .....	18
8	IGRS RA device conformance test suite .....	18
8.1	Device registration conformance test suite .....	18
8.1.1	Message and flow .....	18
8.1.2	Test case set .....	18
8.2	Device login conformance test suite .....	19
8.2.1	Message and flow .....	19
8.2.2	Test case set .....	19
8.3	Relationship releasing conformance test suite .....	19
8.3.1	Message and flow .....	19
8.3.2	Test case set .....	20
8.4	Device verification code management conformance test suite .....	20
8.4.1	Message and flow .....	20
8.4.2	Test case .....	20
8.5	Message exchange conformance test suite .....	21
8.5.1	Message and flow .....	21
8.5.2	Test case set .....	21
8.6	Device logout conformance test suite .....	23
8.6.1	Message and flow .....	23
8.6.2	Test case .....	23
	Bibliography .....	24
