

# ISO/IEC 15045-4-1:2024-12 (E)

## Information technology - Home Electronic System (HES) gateway - Part 4-1: Structure - Structural class and module requirements

---

<b>Contents</b>	<b>Page</b>
FOREWORD.....	4
INTRODUCTION.....	6
0.1 Overview.....	6
0.2 Relation to existing work.....	7
1 Scope.....	8
2 Normative references.....	8
3 Terms, definitions and abbreviated terms.....	9
3.1 Terms and definitions.....	9
3.2 Abbreviated terms.....	10
4 Conformance.....	10
5 HES gateway system structural classes.....	11
5.1 Summary of HES gateway system.....	11
5.2 HES gateway system baseline requirements.....	12
5.2.1 Rationale for baseline requirements.....	12
5.2.2 HES gateway system baseline requirements.....	12
5.2.3 HES gateway module baseline requirements.....	12
5.2.4 HAN interface module requirements.....	12
5.2.5 WAN interface module requirements.....	12
5.2.6 Binding map requirements.....	12
5.2.7 Service module requirements.....	12
5.2.8 Identification service requirements.....	13
5.3 HES gateway system structural implementation configurations.....	13
5.3.1 Rationale for HES gateway system configuration.....	13
5.3.2 Simple gateway configuration.....	13
5.3.3 Complex integral gateway configuration.....	14
5.3.4 Complex modular gateway system configuration.....	15
5.3.5 Interconnected gateway system configuration.....	15
Annex A (normative) Requirements of interfaces and services.....	16
A.1 HAN interface module requirements.....	16
A.2 WAN interface module requirements.....	17
A.2.1 General.....	17
A.2.2 WAN interface objects and actions.....	18
A.3 Binding map service requirements.....	18
A.4 Service module requirements.....	20
A.5 Identification service requirements.....	21
Bibliography.....	22
Figure 1 – ISO/IEC 15045-4-1 within the core interoperability and HES gateway standards.....	7
Figure 2 – HES gateway documents and HES gateway system.....	11
Figure 3 – Two HANs.....	13

Figure 4 – One WAN and one HAN .....	13
Figure 5 – Two or more WANs, one HAN .....	14
Figure 6 – One WAN, two or more HANs.....	14
Figure 7 – Three or more HANs .....	14
Figure 8 – Two or more WANs, two or more HANs.....	14
Figure 9 – Complex modular HES gateway system .....	15
Figure 10 – Interconnected HES gateway system .....	15
Figure A.1 – HAN interface module block diagram .....	16
Figure A.2 – HAN interface module handling of data exchange .....	17
Figure A.3 – WAN interface module block diagram.....	17
Figure A.4 – WAN interface module handling of data exchange .....	18
Figure A.5 – Binding map service block diagram.....	19
Figure A.6 – Binding map handling of data exchange.....	20
Figure A.7 – Service module block diagram .....	20
Figure A.8 – Service module handling of data exchange .....	21
Table A.1 – WAN interface module objects .....	18
Table A.2 – WAN interface module channel objects .....	18
