

ISO 22188:2004-06 (E)

Monitoring for inadvertent movement and illicit trafficking of radioactive material

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Normative references	1
3	Terms and definitions	2
4	Monitoring instruments	3
4.1	Pocket-type instruments	3
4.2	Hand-held instruments	5
4.3	Installed instruments	6
4.4	Radionuclide identifiers	9
Annex A (informative) Background information		11
Annex B (informative) Radiation monitoring at checkpoints		17
Annex C (informative) Search techniques		27
Annex D (informative) Recommended test methods		30
Annex E (informative) Examples of naturally occurring radioactive materials		34
Bibliography		35
