DIN 488-1:2009-08 (E)

Reinforcing steels - Part 1: Grades, properties, marking

Contents

Page

Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 6

4 Symbols 7

5 Designation 7
5.1 Standard designation 7
5.2 Examples of standard designation 8

6 Steel grade classification and product forms/delivery forms 8

7 Requirements 8
7.1 Manufacturing processes 8
7.2 Nominal diameters, nominal cross-sectional areas and nominal masses 10
7.3 Properties 11

8 Identification of the products 12
8.1 Identification of the steel grades 12
8.2 Identification of the manufacturer 14
8.2.1 General 14
8.2.2 Reinforcing steel bars 14
8.2.3 Reinforcing steel coils 15
8.2.4 Welded fabrics 16
8.2.5 Lattice girders 16
8.2.6 Reinforcing wire 17
8.3 Identification of the processor 17
