

DIN 488-3:2009-08 (E)

Reinforcing steels - Reinforcing steel in coils, steel wire

Contents		Page
Foreword		3
1	Scope	4
2	Normative references	4
3	Terms and definitions	4
4	Symbols	4
5	Designation and ordering	5
5.1	Standard designation	5
5.1.1	Reinforcing steel coils	5
5.1.2	Reinforcing wire	5
5.2	Ordering	5
5.2.1	Reinforcing steel coils	5
5.2.2	Reinforcing wire	5
6	Steel grade classification and product forms	5
7	Requirements	6
7.1	Manufacturing processes	6
7.2	Nominal diameters, nominal cross-sectional areas and nominal masses	6
7.3	Properties	7
7.3.1	General	7
7.3.2	Properties determined in the tensile test	7
7.3.3	Properties determined in the fatigue test	7
7.3.4	Bend performance	7
7.3.5	Deviation from the nominal cross-sectional area	7
7.3.6	Weldability	7
7.3.7	Surface geometry	7
8	Identification of the products	14
9	Proof of conformity	14
