DIN 488-5:2009-08 (E)

Reinforcing steels - Lattice girders

Contents

Page

Foreword 3

1 Scope 3

2 Normative references 3

3 Terms and definitions 3

4 Symbols 5

5 Designation 9

6 Requirements 10
6.1 Manufacturing processes 10
6.1.1 General 10
6.1.2 Material for the components 10
6.1.3 Manufacturing processes for lattice girders 10
6.1.4 Design 10
6.2 Properties 10
6.2.1 Properties in the tensile test 10
6.2.2 Shear force of the welded joints 11
6.2.3 Bend performance 12
6.3 Form, dimensions and limit deviations of the lattice girders 12
6.3.1 Design 12
6.3.2 Dimensions 12
6.3.3 Limit deviations for the lattice girders 12

7 Identification of the products 12

8 Proof of conformity 12

Annex A (informative) Examples of welds in lattice girders 13

Annex B (informative) Information on and examples of lattice girder designations 14
