## Steels for cold heading and cold extruding

---

<b>Contents</b>	<b>Page</b>
<b>Section 1 General</b> .....	<b>1</b>
1.1 Scope .....	1
1.2 Normative references .....	1
1.3 Ordering .....	2
1.4 Requirements .....	2
1.5 Testing .....	4
<b>Section 2 Specific requirements for cold-heading and cold-extruding steels not intended for heat treatment</b> .....	<b>8</b>
2.1 Scope .....	8
2.2 Requirements .....	8
<b>Section 3 Specific requirements for cold-heading and cold-extruding case-hardening steels</b> .....	<b>11</b>
3.1 Scope .....	11
3.2 Requirements .....	11
<b>Section 4 Specific requirements for cold-heading and cold-extruding steels for quenching and tempering (including boron-treated steels)</b> .....	<b>16</b>
4.1 Scope .....	16
4.2 Requirements .....	16
<b>Section 5 Specific requirements for cold-heading and cold-extruding stainless steels</b> .....	<b>27</b>
5.1 Scope .....	27
5.2 Requirements .....	27
<b>Annexes</b>	
<b>A Guide to property values after processing</b> .....	<b>31</b>
