

DIN 6174:2007-10 (E)

Colorimetric evaluation of colour coordinates and colour differences according to the approximately uniform CIELAB colour space

Contents	Page
Foreword	3
1 Scope	4
2 Normative references	4
3 Terms and definitions	4
4 Determining CIE 1976 ($L^*a^*b^*$) colour space (CIELAB) colour coordinates	5
5 Calculating tristimulus values X, Y, Z from the CIELAB values L^*, a^*, b^*	6
6 Perceptual values for lightness, chroma and hue	6
7 Colour difference formulae	7
Annex A (informative) Examples	9
Bibliography	10
