## Fire protection - Foam fire extinguishing systems - Part 1: Foam proportioning equipment

---

| <b>Contents</b>     |   | <b>Page</b> |
|---------------------|---|-------------|
| Foreword .....      |   | iv          |
| <b>1</b>            | <b>Scope .....</b>  | <b>1</b>    |
| <b>2</b>            | <b>Normative references .....</b>                                   | <b>1</b>    |
| <b>3</b>            | <b>Terms and definitions .....</b>                                  | <b>2</b>    |
| <b>4</b>            | <b>Requirements .....</b>   | <b>2</b>    |
| 4.1                 | Connections .....   | 2           |
| 4.2                 | Parts for removal during routine field maintenance .....            | 2           |
| 4.3                 | Corrosion resistance of metal parts .....                           | 2           |
| 4.4                 | Elastomeric joint rings .....                                       | 3           |
| 4.5                 | Plastics and reinforced resin materials .....                       | 3           |
| 4.6                 | Strength .....  | 3           |
| 4.7                 | Leak resistance .....   | 4           |
| 4.8                 | Proportioning ratio .....   | 4           |
| 4.9                 | Pressure loss .....   | 4           |
| 4.10                | Operation reliability .....   | 4           |
| 4.11                | Water flow .....  | 4           |
| 4.12                | Stress corrosion .....  | 4           |
| 4.13                | Salt-spray corrosion .....  | 4           |
| 4.14                | Light and water exposure .....                                      | 4           |
| <b>5</b>            | <b>Test methods .....</b>   | <b>5</b>    |
| 5.1                 | General .....   | 5           |
| 5.2                 | Ageing test for plastics and reinforced resin materials .....       | 5           |
| 5.3                 | Liquid exposure test .....  | 5           |
| 5.4                 | Equipment pressurization test .....                                 | 5           |
| 5.5                 | Leak resistance test .....  | 5           |
| 5.6                 | Proportioning ratio test .....                                      | 5           |
| 5.7                 | Pressure loss test .....  | 5           |
| 5.8                 | Operation reliability test .....                                    | 6           |
| 5.9                 | Water flow test .....   | 6           |
| 5.10                | Stress corrosion test .....   | 6           |
| 5.11                | Salt-spray corrosion test .....                                     | 7           |
| 5.12                | Light and water exposure test .....                                 | 7           |
| <b>6</b>            | <b>Marking .....</b>  | <b>8</b>    |
| <b>7</b>            | <b>Manufacturer's installation and operation instructions .....</b> | <b>8</b>    |
| Annex A (normative) | Tolerances .....  | 9           |
| Bibliography .....  |   | 10          |
