Page

European foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 Design and system requirements 7
4.1 General 7
4.2 Components 8
4.3 Detection and system activation 10
4.4 Location of system components and detection/activation elements 11
4.5 Moving and relocating equipment 12

5 Commissioning, installation and maintenance 12

6 System manual 12

7 Test methods 14
7.1 General 14
7.2 Extinguishing tests in cooking appliances 15
7.3 Splash tests 24
7.4 Hood and air extract duct entrance 28
7.5 Plenum extinguishing tests 32
7.6 Agent distribution test 32

8 Test report 33

9 Safety 34
9.1 General 34
9.2 Hazards to personnel 34
9.3 Safety in normally occupied zones 35
9.4 Safety from electrostatic discharges 35
