ISO 22328-2:2024-10 (E)

Security and resilience - Emergency management - Part 2: Guidelines for the implementation of a community-based early warning system for landslides

Contents

Page

Foreword ..... **iv**

Introduction ..... **v**

1 Scope **1**

2 Normative references **1**

3 Terms and definitions **1**

4 Landslide early warning system **1**

4.1 General 1

4.2 Risk assessment 2

4.2.1 General 2

4.2.2 Understanding the landslide hazard 2

4.2.3 Understanding the landslide vulnerability 2

4.2.4 Development of landslide risk reduction plan 3

4.3 Dissemination and communication of knowledge 3

4.4 Monitoring and warning service 3

4.5 Response capability 4

4.6 Commitment of the authority and the community at risk to the sustainability of the landslide early warning system 5

Annex A (informative) **Example of a public display of landslide evacuation plan sign** **6**

Annex B (informative) **Example of an evacuation plan sign** **7**

Annex C (informative) **Example of a framework of landslide warning and evacuation command** **8**

Annex D (informative) **Example of an evacuation standard operating procedure** **10**

Bibliography **14**
