6 Instruction charts 17

7 Conditions for testing 17

8 Evaluation of conformity 17

Annex A (normative) Conditions for tests 19

Annex B (normative) Test to determine operating temperatures of fusible link sprinklers and glass bulb sprinklers 21

Annex C (normative) Water flow test 23

Annex D (normative) Water distribution test 25

Annex E (normative) Functional test 36

Annex F (normative) Strength of sprinkler body and deflector tests 38

Annex G (normative) Strength of release elements test 40

Annex H (normative) Leak resistance test 43

Annex I (normative) Heat exposure 44

Annex J (normative) Glass bulb sprinkler thermal shock test 46

Annex K (normative) Corrosion tests 47

Annex L (normative) Sprinkler coatings assessment tests 51

Annex M (normative) Water hammer test 52

Annex N (normative) Thermal response tests 53

Annex O (normative) Heat-resistance test 56

Annex P (normative) Vibration test 57

Annex Q (normative) Impact test 58

Annex R (normative) Resistance to low temperature test 59

Annex S (informative) Notes on strength test for fusible link release elements 60

Annex ZA (informative) Clauses of this European Standard addressing the provisions of the EU Construction Products Directive 61
