DIN EN 203-2-2:2006-09 (E)

Gas heated catering equipment - Part 2-2: Specific requirements - Ovens

Contents

Page

Foreword 3

1 Scope 4

2 Normative references 4

6.3.101 Sequence of operation 7
6.3.102 Overheat limit device for the cooking chamber 7
6.7 Combustion 7
6.8.1 Stability and mechanical safety 7
6.8.101 Shut off device for multi-function ovens with direct heating 8
6.10 Rational use of energy 8
6.10.101 Ovens other than bakery ovens 8
6.10.102 Bakery ovens 8

7.4.101 Operational sequence 8
7.4.102 Overheat limit of the cooking chamber 8
7.6.101 Combustion (multi-function ovens with direct heat) 8
7.8.1 Stability and mechanical safety 9
7.8.101 Safety during opening of the door 9
7.8.102 Isolating control for multi-function ovens with direct heat 9
7.101 Rational use of energy for ovens other than bakery ovens 9
7.102 Rational use of energy for bakery ovens 10
7.103 Calculation of heat loss recovery 10

9.3.2 Instructions for use and maintenance 11
9.3.3 Instructions for installation and adjustment 11

requirements or other provisions of EU Directives 12
