

ISO 13478:2007-08 (E)

Thermoplastics pipes for the conveyance of fluids - Determination of resistance to rapid crack propagation (RCP) - Full-scale test (FST)

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Normative references	1
3	Terms and definitions	1
4	Symbols	2
5	Principle	2
6	Test parameters	3
7	Materials	3
8	Apparatus	3
9	Test-pipe preparation	7
10	Conditioning and backfill	7
11	Test procedure	8
12	Validity of results	8
13	Test report	9
Annex A (normative) Determination of critical pressure (or hoop stress)		10
Annex B (normative) Determination of critical temperature		13
