

ISO 13478:2007-08 (E)

Thermoplastics pipes for the conveyance of fluids - Determination of resistance to rapid crack propagation (RCP) - Full-scale test (FST)

Contents		Page
Foreword		iv
Introduction		v
1 Scope		1
2 Normative references		1
3 Terms and definitions		1
4 Symbols		2
5 Principle		2
6 Test parameters		3
7 Materials		3
8 Apparatus		3
9 Test-pipe preparation		7
10 Conditioning and backfill		7
11 Test procedure		8
12 Validity of results		8
13 Test report		9
Annex A (normative) Determination of critical pressure (or hoop stress)		10
Annex B (normative) Determination of critical temperature		13
Bibliography		14
