Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 Principle 4

5 Test apparatus 6

6 Test specimens 7

7 Number of specimens 8

8 Conditioning 8

9 Procedure 8

10 Expression of results 9

11 Precision 12

12 Test report 12

Annex A (normative) Influence of longitudinal force, W 13

Annex B (informative) Damping correction factor, Fd 14

Annex C (informative) Dimensional correction factor, Fc 15
