## Plastics - Methods of exposure to solar radiation - Part 1: General guidance (ISO 877-1:2009)

---

| <b>Contents</b>   |  | <b>Page</b> |
|---|--|-------------|
| Foreword .....  |  | 3           |
| Introduction .....  |  | 4           |
| 1 <b>Scope</b> .....  |  | 5           |
| 2 <b>Normative references</b> .....                           |  | 5           |
| 3 <b>Terms and definitions</b> .....                          |  | 6           |
| 4 <b>Principle</b> .....                                      |  | 6           |
| 5 <b>Apparatus</b> .....                                      |  | 7           |
| 6 <b>Test specimens</b> .....                                 |  | 8           |
| 7 <b>Conditions of exposure of the test specimens</b> .....   |  | 10          |
| 8 <b>Exposure stages</b> .....                                |  | 11          |
| 9 <b>Procedure</b> .....                                      |  | 12          |
| 10 <b>Expression of results</b> .....                         |  | 13          |
| 11 <b>Test report</b> .....                                   |  | 14          |
| <b>Annex A (informative) Classification of climates</b> ..... |  | 15          |
| <b>Bibliography</b> .....                                     |  | 17          |
