Foreword iv

Introduction v

1 Scope 1

2 Termsanddefinitions 1

3 Principle 2

4 Apparatus 3

5 Test pieces 3
5.1 General 3
5.2 Strip test piece (method A) 4
5.2.1 Shape 4
5.2.2 Dimensions 4
5.2.3 Use of built-up ends 6
5.3 Pipe section test pieces (method B) 6
5.4 Number of test pieces 6

6 Conditioning 6

7 Test temperature 6

8 Procedure (methods A and B) 7

9 Calculation 7
9.1 For strip test pieces (method A) 7
9.2 For pipe test pieces (method B) 7

10 Test report 8

Annex A (informative)Determinationoflongitudinalpropertiesforhelicallyfilament- wound thin wall pipe 9
