## Plastics pipes and fittings - Pressure reduction factors for polyethylene pipeline systems for use at temperatures above 20 degrees C

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Principle .....	1
5	Procedure .....	1
5.1	Determination of the applicable pressure reduction factor .....	1
5.2	Analysis of data by extrapolation .....	2
5.3	Design lifetime .....	2
Bibliography .....		4
