

# ISO 22751:2020 (E)

## Rubber- or plastic-coated fabrics — Physical and mechanical test — Determination of bending force

---

### Contents

|       |   |
|-------|---|
|       | Foreword                                |
| 1     | Scope                                   |
| 2     | Normative references                    |
| 3     | Terms and definitions                   |
| 4     | Principle                               |
| 5     | Apparatus                               |
| 6     | Sampling and sample preparation         |
| 7     | Atmosphere for conditioning and testing |
| 7.1   | For conditioning                        |
| 7.2   | For testing                             |
| 8     | Test procedure                          |
| 8.1   | Bending force                           |
| 8.1.1 | General                                 |
| 8.1.2 | Specimen coated on both sides           |
| 8.1.3 | Specimen coated on one side             |
| 8.2   | Thickness                               |
| 9     | Expression of results                   |
| 10    | Test report                             |
