ISO 6775:2024-05 (E)

Plastics - Plastics identification using Raman spectrometric methods

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Principle 1

5 Apparatus 2

6 Specimen 3

7 Testing procedure 3
7.1 Calibration and parameter settings 3
7.2 Measurement of Raman spectrum 3
7.2.1 Method 1 -- General method 3
7.2.2 Method 2 -- Test method for multi-layer film plastics 5

8 Analysis of Raman spectrum 6
8.1 General 6
8.2 Plastic identification 7

9 Test report 7

Annex A (informative) Raman shift characteristic peaks of some plastics and functional groups 8

Annex B (informative) Spectral database identification 9

Annex C (informative) Example test measurement 1 11

Annex D (informative) Example test measurement 2 13

Annex E (informative) Multi-layer plastic 17
