

DIN EN 17988-4:2025-03 (E)

Circular design of fishing gear and aquaculture equipment - Part 4: Environmental and circularity requirements and guidelines

Contents		Page
European foreword		3
Introduction		4
1	Scope	6
2	Normative references	6
3	Terms and definitions	7
4	Principles	7
4.1	General	7
Figure 1 -- Stages in product life, linear paradigm		7
Figure 2 -- Stages in product life, circular paradigm		8
4.2	Modular design using standardized components	9
4.3	User requirements and circularity needs	9
5	Design criteria throughout the different steps in the life cycle	10
5.1	Selection/sourcing of materials, components, parts or products	10
5.2	Design for manufacture/assembly	17
5.3	Design of placement, installation and deployment of the fishing gear or aquaculture equipment	19
5.4	Design for use and maintenance	19
5.5	Design for end-of-use stage	20
