European foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 Typical application systems 8

5 Characterization 9
5.1 General 9
5.2 Visual characteristics 9
5.3 Physical characteristics 9
5.4 Mechanical characteristics 10
5.5 Thermal characteristics 10
5.6 Content 10

6 Quality assurance 10

7 Recycled content 10

8 Design for recycling 11

Annex A (informative) Examples to illustrate some definitions and guidance for calculating recycled content in products 12

Annex B (informative) Flowchart for plastic recovery options 16
