

# DIN EN ISO 22088-1:2006-11 (E)

## Plastics - Determination of resistance to environmental stress cracking (ESC) - Part 1: General guidance (ISO 22088-1:2 006)

---

<b>Contents</b>		<b>Page</b>
Foreword .....		3
Introduction .....		4
1 <b>Scope</b> .....		5
2 <b>Normative references</b> .....		5
3 <b>Terms and definitions</b> .....		6
4 <b>Principles of the test</b> .....		6
5 <b>Applicability of the test method</b> .....		7
6 <b>Test specimen preparation</b> .....		7
7 <b>Conditioning and test conditions</b> .....		7
7.1 <b>Conditioning</b> .....		7
7.2 <b>Test temperature</b> .....		7
7.3 <b>Test medium</b> .....		8
<b>Annex A (informative) Examples of test methods for various plastics</b> .....		9
<b>Bibliography</b> .....		10
