|--------------------|--|-------------|
| Foreword | | 3 |
| 1 | Scope | 4 |
| 2 | Normative references | 4 |
| 3 | Terms and definitions | 5 |
| 4 | Principle | 7 |
| 5 | Apparatus | 7 |
| 6 | Test specimens | 8 |
| 6.1 | Form and dimensions | 8 |
| 6.2 | Preparation | 8 |
| 6.3 | Number | 8 |
| 7 | Conditioning and test conditions | 8 |
| 7.1 | Conditioning | 8 |
| 7.2 | Test temperature | 8 |
| 7.3 | Test medium | 8 |
| 8 | Procedure | 8 |
| 8.1 | Precautions | 8 |
| 8.2 | Mounting the test specimens | 8 |
| 8.3 | Contact with the test environment | 9 |
| 8.4 | Storage in contact with the test environment | 9 |
| 8.5 | Determination of the indicative property | 10 |
| 9 | Expression of results | 10 |
| 9.1 | Calculation | 10 |
| 9.2 | Graphical evaluation | 10 |
| 10 | Precision | 11 |
| 11 | Test report | 12 |
| Bibliography | | 13 |
