

# DIN EN ISO 15023-2:2006-06 (E)

## Plastics - Poly(vinyl alcohol) (PVAL) materials - Part 2 : Determination of properties (ISO 15023-2:2003)

---

| <b>Contents</b>  | <b>Page</b> |
|--|-------------|
| Foreword .....   | 2           |
| 1 <b>Scope</b> .....   | 3           |
| 2 <b>Normative references</b> .....  | 3           |
| 3 <b>Determination of properties</b> .....   | 4           |
| <b>Annex A (normative) Determination of volatile-matter content</b> .....  | 5           |
| <b>Annex B (normative) Determination of sodium acetate content</b> .....   | 7           |
| <b>Annex C (normative) Calculation of ash</b> .....  | 10          |
| <b>Annex D (normative) Determination of degree of hydrolysis</b> .....   | 11          |
| <b>Annex E (normative) Determination of viscosity of 4 % aqueous solution by the Brookfield Test<br/>method or the inclined-tube falling-ball method</b> ..... | 14          |
