Foreword iv

1 Scope 1

2 Normative references 1

3 Terms, definitions, symbols and abbreviated terms 2

4 Material 2

5 General characteristics of fittings 3

6 Geometrical characteristics 3

7 Physical characteristics 7

8 Mechanical characteristics 8

9 General requirements for fittings 9

10 Performance requirements 9

11 Test methods 11

12 Marking 11

Annex A (normative) Determination of resistance to gas constituents 12

Annex B (normative) Determination of leaktightness of fitting joints by internal air pressure, with and without mechanical loading 14

Annex C (normative) Determination of leaktightness of fitting joints under negative pressure and mechanical loading 16

Bibliography 18
