Resilient floor coverings - Determination of overall thickness

Contents		Page
Foreword		iv
1	Scope	1
2	Terms and definitions	1
3	Principle	1
4	Apparatus	1
5	Sampling and selection of specimens	1
5.1	Sheet material	1
5.2	Tile material	2
6	Atmosphere for conditioning and testing	2
7	Test procedure	2
7.1	Preparation	2
7.2	Calibration of apparatus	3
7.3	Determination of thickness	3
8	Calculation and expression of results	4
9	Precision statement	4
10	Test report	5
