

DIN 5032-7:2017-02 (E)

Photometry - Part 7: Classification of illuminance meters and luminance meters

Contents	Page
Foreword	3
1 Scope	4
2 Normative references	4
3 Terms and definitions.....	4
4 Photometer classification.....	5
4.1 Calculation of the total characteristic.....	5
4.1.1 General	5
4.1.2 Calculation of the total characteristic of illuminance meters	5
4.1.3 Calculation of the total characteristic of luminance meters.....	5
4.2 Classification of photometers	6
4.3 Class assignment of a photometer.....	6
5 Class limits for classification	6
6 Class selection of a photometer.....	9
6.1 Measurement uncertainty and class.....	9
6.2 Laboratory measurements.....	9
6.3 Field measurements	9
