Foreword 3

1 Scope 4

2 Normative references 4

3 Principle 4

4 Apparatus 4
4.1 General 4
4.2 Geometrical specifications of the apparatus 5
4.3 Specular-included and specular-excluded determinations 5
4.4 Irradiation beam 5
4.5 Housing 6

5 Calibration and operation of the reflectometer 10
5.1 General 10
5.2 Reference standards 11

6 Measurement 11

7 Expression of results 11
7.1 Calculation of reflectance values 11
