DIN 17851:2023-10 (E)

Titanium alloys - Chemical composition

Contents

Page

Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 Designation 4

5 Chemical composition 4
5.1 Ladle analysis 4
5.2 Product analysis 7

6 Semi-finished products 7

7 Analysis of chemical composition 8

Bibliography 9

Tables Table 1 -- Chemical composition of low-alloy titanium alloys determined by ladle analysis 5

Table 2 -- Chemical composition of high-alloy titanium alloys determined by ladle analysis 6

Table 3 -- Tolerances in the product analysis for the limit values of the ladle analysis, according to Table 1 and Table 2 7

Table 4 -- Semi-finished products 8
