## Aluminium and aluminium alloys - Foil - Part 4: Special property requirements

---

<b>Contents</b>		<b>Page</b>
Foreword .....		3
1	Scope .....	4
2	Normative references .....	4
3	Terms and definitions .....	4
4	Application of special property testing .....	4
5	Porosity .....	5
5.1	Test principle .....	5
5.2	Test method .....	5
5.3	Acceptance values .....	6
5.4	Sampling and frequency of testing .....	6
6	Wettability .....	6
6.1	Test principle .....	6
6.2	General test conditions .....	6
6.3	Test procedures .....	7
6.4	Frequency of testing .....	10
7	Stickiness .....	10
7.1	Test principle .....	10
7.2	Test method .....	10
7.3	Acceptance criteria .....	11
7.4	Frequency of testing .....	11
8	Burst strength .....	11
9	Erichsen cupping test .....	12
9.1	Test principle .....	12
9.2	Test method .....	12
9.3	Acceptance criteria .....	12
9.4	Frequency of testing .....	12
Bibliography .....		13
Table Table 1 -- Applicability of special property tests to product group .....		5
