Foreword 4

Introduction 5

1 Scope 6

2 Normative references 6

3 Terms, definitions and abbreviations 6
3.1 Terms and definitions 6
3.2 Abbreviations 8

4 Markings 9
4.1 General principles 9
4.2 Colour 9
4.3 Positioning 10
4.4 List of markings Matrix of markings applicable to the exteriors of all Fixed Formation Train Sets, Coaches, Motive Power Units and Locomotives 14
4.5 Details of vehicle markings 18
4.5.1 Symbol of the Railway Undertaking 18
4.5.2 European Vehicle Number (EVN) and Vehicle Keeper Marking (VKM) 18
4.5.3 Train set number 20
4.5.4 Vehicle mass 20
4.5.5 Dimensions 24
4.5.6 Interoperability Markings 27
4.5.7 Broadcasting, remote control and train-bus equipment 32
4.5.8 Date of last overhaul 34
4.5.9 Brake inscriptions 36
4.5.10 Braked weight and changeover devices 45
4.5.11 Home depot 53
4.5.12 Designation of driving cabs 53
4.5.13 Numbering of axles and wheels (Examples) 53
4.5.14 Electricity Hazard marking 54
4.5.15 Filling and draining devices for sanitary water supply 55
4.5.16 Discharge point for sealed toilet systems 57
4.5.17 Pressure Pulse Insensitive Vehicles 58
4.5.18 Pressure Pulse Sensitive Vehicles with sealed toilet systems 59
4.5.19 Lifting and re-railing markings 59
4.5.20 Radius curve restrictions 61
4.5.21 Isolation of bogie brake 63
4.5.22 Isolation of pneumatic suspension 64
4.5.23 Isolation of third-rail shoegear 64
4.5.24 Control of nose doors or coupling shield 65
4.5.25 Emergency ladder 66
4.5.26 Emergency coupler 67
4.5.27 Emergency coupler equipment 67
4.5.28 Non-visible stop cocks 68
4.5.29 Location of batteries 68
4.5.30 Battery isolation switch 69
4.5.31 Engine fuel filling point 69
4.5.32 Filling point for sandbox 70

4.5.33 Sanding test 70
4.5.34 Earthing protection 71
4.5.35 Gauge marking 72
4.5.36 Vehicles prohibited from passing through retarders or other stopping devices in service mode 74

Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of EU Directive 2008/57/EC 75
