

# DIN EN 15085-5:2023-05 (E)

## Railway applications - Welding of railway vehicles and components - Part 5: Inspection, testing and documentation

---

Contents	Page
European foreword .....	3
Introduction .....	5
1 Scope .....	6
2 Normative references .....	6
3 Terms and definitions .....	7
4 Inspection and testing of welded joints .....	7
4.1 General .....	7
4.2 Inspection and testing before welding .....	7
4.2.1 Welding coordination team .....	7
4.2.2 Welder or welding operator .....	7
4.3 Inspection and testing during welding .....	8
4.3.1 Welding coordination team .....	8
4.3.2 Welder or welding operator .....	8
4.4 Inspection and testing after welding .....	8
4.4.1 General .....	8
4.4.2 Welding coordination team .....	8
4.4.3 Welder or welding operator .....	8
4.5 Qualification of visual inspection personnel .....	8
4.5.1 General .....	8
4.5.2 Visual Inspection .....	9
4.6 Requirement for other non-destructive examination personnel .....	9
4.7 Type and extent of non-destructive testing .....	9
4.8 First article inspection (FAI) .....	10
4.8.1 General .....	10
4.8.2 Requirements for first article inspection (FAI) .....	11
4.8.3 Documentation requirements of the FAI .....	12
5 Test planning .....	12
6 Documentation .....	13
7 Management of welding defects .....	13
7.1 General .....	13
7.2 Non-conformance management process .....	13
8 Traceability .....	14
Annex ZA (informative) Relationship between this European Standard and the Essential requirements of Directive (EU) 2016/797 aimed to be covered .....	15
Bibliography .....	16
