

ISO 23019:2022-08 (E)

Railway applications - Driving simulator for drivers' training

Contents		Page
Foreword		v
Introduction		vi
1	Scope	1
2	Normative references	1
3	Terms and definitions	1
3.1	General	1
3.2	Actors	1
3.3	Training functions and training states	2
3.4	Simulated items	3
3.5	Visual characteristics and functions	4
3.6	Simulator items	5
4	Conceptual considerations for simulator	5
4.1	General	5
4.2	Purpose of simulator	6
4.3	Classification of simulators	6
4.4	Simulator operating modes	8
4.4.1	General	8
4.4.2	Training mode	8
4.4.3	Supporting mode	10
4.5	Simulated guided transport system and environment	11
4.5.1	General	11
4.5.2	Simulated train	11
4.5.3	Simulated line and environment	11
5	Required functions and performance for training mode	12
5.1	General	12
5.2	Simulated guided transport system and environment	12
5.2.1	Simulated train	12
5.2.2	Controlled trains and automatic managed trains	13
5.2.3	Simulated line and environment	13
5.3	Perception	15
5.3.1	General	15
5.3.2	Visual system	15
5.3.3	Sound	17
5.3.4	Motion	18
5.4	Control and monitor including training scenario	18
5.4.1	General	18
5.4.2	Control and monitor	18
5.4.3	Training scenario	20
6	Required functions and performance for supporting mode	21
6.1	General	21
6.2	Training administration (training scenario editor, line editor, others)	22
6.2.1	General	22
6.2.2	Training scenario editor	22
6.2.3	Line editor	23
6.2.4	Others	23

6.3	Maintenance administration	23
6.3.1	General	23
6.3.2	Minimum requirements	24
6.3.3	Best practice options	24
7	Required functions and performance for computer system and auxiliary simulator equipment	24
7.1	General	24
7.2	Computer system	24
7.2.1	Minimum requirements	24
7.2.2	Best practice options	25
7.3	Interfaces	25
7.3.1	Internal interfaces	25
7.3.2	External interfaces	25
7.4	Auxiliary simulator equipment	26
7.4.1	Minimum requirements	26
7.4.2	Best practice options	26
8	Requirements for simulator installation	26
8.1	General	26
8.2	Minimum requirements	26
8.3	Best practice options	27
9	Maintainability	27
9.1	General	27
9.2	Minimum requirements	27
9.3	Best practice options	27
10	Data and documents for simulation	27
10.1	General	27
10.2	Minimum requirements	27
10.3	Best practice options	28
	Annex A (informative) Reviews	29
	Annex B (informative) Acceptance tests	30
	Annex C (informative) Documents	31
	Annex D (informative) Training for use and maintenance	32
