

DIN EN 15020:2007-02 (E)

Railway applications - Rescue coupler - Performance requirements, specific interface geometry and test methods

Contents	Page
Foreword	3
1 Scope	4
2 Normative references	4
3 Terms and definitions	4
4 Product requirements	5
5 Test requirements	8
Annex A (informative) Automatic coupler	10
Annex B (normative) Rescue coupler	14
Annex C (informative) Characteristics of the rescue vehicle	18
Annex D (informative) Air pipe coupling heads	21
Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of Directive 96/48/EC, as amended by Directive 2004/50/EC	24
Bibliography	26
