

# DIN EN 847-2:2013-12 (E)

## Tools for woodworking - Safety requirements - Part 2: Requirements for the shank of shank mounted milling

---

<b>Contents</b>		<b>Page</b>
Foreword .....		3
Introduction .....		4
1	Scope .....	5
2	Normative references .....	5
3	Terms and definitions .....	5
4	List of significant hazards .....	6
5	Safety requirements .....	6
5.1	General requirements for cylindrical shank .....	6
5.2	Stability of the shank of mounted tools .....	6
5.3	Stability of HSK mounted tools .....	12
6	Tool marking .....	14
Annex A (informative) Examples of calculation .....		16
A.1	Example of a calculation of nshank .....	16
A.2	Example of a calculation of nHSK .....	17
Annex B (informative) Method of measuring the eccentricity at clamping devices .....		18
Bibliography .....		19
