

DIN EN 847-3:2013-12 (E)

Tools for woodworking - Safety requirements - Part 3: Clamping devices

Contents		Page
Foreword		3
Introduction		4
1	Scope	5
2	Normative references	5
3	Terms and definitions	5
4	List of significant hazards	6
5	Design requirements	7
5.1	General	7
5.2	Hydrostatic clamping devices with open system	7
5.3	Shape	7
5.4	Balance	7
5.5	Testing	8
5.5.1	Test sample and dimensions	8
5.5.2	Formulae and calculation	10
5.5.3	Test procedure	10
5.6	Requirements on tolerances of clamping devices	11
6	Marking of clamping devices	11
6.1	General	11
6.2	Marking of clamping devices for bore mounted tools	11
6.3	Marking of clamping devices for shank mounted tools	11
6.4	Marking of one piece clamping devices for shank mounted tools	12
7	Information for use	12
7.1	General	12
7.2	Safe working practice	12
