## Cylindrical shanks for milling cutters - Part 2: Dimensional characteristics of flatted cylindrical shanks

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
1	Scope .....	1
2	Normative references .....	1
3	Dimensions .....	1
3.1	General .....	1
3.2	WE form -- Flatted cylindrical shanks with single flat for diameter, d1, of 6 mm to 20 mm .....	1
3.3	WE form -- Flatted cylindrical shanks with double flat for diameter, d1, of 25 mm to 63 mm .....	2
3.4	WN form -- Flatted cylindrical shanks with inclined clamping surface .....	3
(all parts) .....		5
Bibliography .....		6
