DIN EN ISO 6789-2:2017-07 (E)

Assembly tools for screws and nuts - Hand torque tools - Part 2: Requirements for calibration and det ermination of measurement uncertainty (ISO 6789-2:2017)

Contents

Page

European foreword ... **3**

Foreword ... **4**

Introduction ... **5**

1 Scope ... **6**

2 Normative references ... **6**

3 Terms, definitions and symbols ... **6**
3.1 Terms and definitions ... 7
3.2 Symbols, designations and units ... 7

4 Requirements for calibration ... **9**
4.1 Calibration during use ... 9
4.2 Calibration method ... 9
4.3 Calibration system ... 9

5 Measurement error ... **10**
5.1 Calculation of the relative measurement error ... 10
5.2 Exemplary calculations of the relative measurement error ... 10
5.2.1 Example 1 ... 10
5.2.2 Example 2 ... 11

6 Sources of uncertainty ... **12**
6.1 General ... 12
6.2 Evaluation of Type B uncertainties due to the torque tool ... 13
6.2.1 Scale, dial or display resolution, r ... 13
6.2.2 Variation due to the reproducibility of the torque tool, b_{rep} ... 15
6.2.3 Variation due to the interface between the torque tool and the calibration system ... 16
6.2.4 Variation due to the variation of the force loading point, b_l ... 17
6.3 Evaluation of Type A uncertainty due to the torque tool ... 18
6.3.1 General ... 18
6.3.2 Variation due to the repeatability of the torque tool, b_{re} ... 18

7 Determination of the calibration result ... **18**
7.1 Determination of the relative standard measurement uncertainty, w ... 18
7.2 Determination of the relative expanded measurement uncertainty, W ... 19
7.3 Determination of the relative measurement uncertainty interval, W' ... 19

8 Calibration certificate ... **20**

Annex A (informative) **Calculation example for an indicating torque tool (Type I)** ... **21**

Annex B (informative) **Calculation example for a setting torque tool (Type II)** ... **29**

Annex C (normative) **Minimum requirements for the calibration of the torque measurement device and the estimation of its measurement uncertainty** ... **37**

Bibliography ... **44**
