Annex A (informative) Properties and applications of the austenitic cast iron grades		22
Annex B (informative) Comparison of austenitic cast iron material designations according to EN 1560 and ISO/TR 15931 [3], [6]		23
Annex C (informative) Heat treatment		24
Annex D (informative) Effect of alloying elements		25
Annex E (informative) Additional information on mechanical and physical properties		26

Annex F (normative) Sectioning procedure for cast samples	31
Annex G (informative) Sample preparation for the determination of physical properties	32
Annex H (informative) Significant technical changes between this European Standard and the previous edition	33
Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of EU Directive 97/23/EC	34
