# ISO 10780:1994-11 (E)

## Stationary source emissions - Measurement of velocity and volume flowrate of gas streams in ducts

## Contents

Page

1 Scope ..... 1

2 Normative references ..... 1

3 Definitions and symbols ..... 1

4 Principle ..... 1

5 Apparatus ..... 2

6 Environmental requirements ..... 8

7 Test procedure ..... 9

8 Calculation of velocity and volume flowrate ..... 13

9 Accuracy ..... 15

10 Test report ..... 15

Annexes

A Maintenance of Pitot tubes ..... 16

B Determination of duct static pressure with Pitot tubes ..... 17

C Determination of flow direction with Pitot tubes ..... 18

D Correction of swirling flow ..... 19
