Air quality - General aspects - Vocabulary

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Normative references	1
3	Terms and definitions	1
3.1	General terms	1
3.1.1	Terms describing air quality	1
3.1.2	Agents	2
3.1.3	Terms related to aerosols	2
3.1.4	Terms related to exposure	3
3.1.5	Other terms	3
3.2	Terms related to air pollution and pollution control	5
3.2.1	Terms generally describing air pollution	5
3.2.2	Components or forms of air pollution	7
3.2.3	Terms related to control of air pollution	9
3.3	Terms related to air quality sampling	10
3.3.1	Samples	10
3.3.2	Sampling equipment	10
3.3.3	Sampling methods	12
3.4	Terms related to air quality measurement	13
3.4.1	Measurement methods	13
Annex A (informative) Alphabetical index of terms defined		15
