DIN ISO 23139:2024-07 (E)

Biological equipment for treating air and other gases - Requirements and application guidance for deodorization in wastewater treat ment plants (ISO 23139:2023)

Contents

Page

National foreword ... **3**

Foreword ... **4**

Introduction ... **5**

1 Scope ... **6**

2 Normative references ... **6**

3 Terms and definitions ... **6**

4 Odour gas characterization and process design ... **9**
4.1 Odour gas characterization ... 9
4.2 Process design ... 9

5 Requirement for manufacture, installation and operation ... **10**
5.1 Manufacture and installation ... 10
5.2 Start-up ... 11
5.3 Operation and maintenance ... 12

6 Performance assessment ... **12**
6.1 Measurement of some specific indexes for odour gas ... 12
6.1.1 Flow rate, temperature and relative humidity of the odour gas ... 12
6.1.2 Pressure drop of the filter bed ... 13
6.1.3 Concentration of odorants ... 13
6.1.4 Odour concentration ... 13
6.2 Calculation of odorant removal efficiency ... 13
6.3 Calculation of odorant removal rate ... 13

7 Safety and secondary pollution control ... **14**
7.1 Safety control ... 14
7.2 Secondary pollution control ... 14

Bibliography ... **15**
