Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Preparation of test valves 1
4.1 Valve selection 1
4.2 Preconditioning 1
4.3 Stem (or shaft) seal adjustment 2

5 Test conditions 2
5.1 Test fluid 2
5.2 Leakage measurement 2
5.3 Test pressure 2
5.4 Test temperature 2

6 Test procedure and evaluation of test results 2
6.1 Measurement of stem (or shaft) seal leakages 2
6.2 Measurement of leakage of body seal(s) 3

7 Marking 3

8 Certification of compliance 3
