

# DIN 11866:2016-11 (E)

## Stainless steel components for aseptic applications in the chemical and pharmaceutical industry - Tubes

---

<b>Contents</b>		<b>Page</b>
Foreword .....		3
1 Scope .....		4
2 Normative references .....		4
3 Dimensions and pipe ends .....		4
3.1 Dimensions and tolerances.....		4
3.2 Tube straightness .....		6
3.3 Tube ends .....		6
4 Designation, ordering details.....		7
4.1 Designation .....		7
4.2 Ordering details .....		7
5 Materials .....		7
6 Surface finish and execution.....		8
7 Testing and documentation.....		9
8 Acceptance criteria .....		9
9 Marking .....		11
10 Packaging and transportation .....		11
Annex A (informative) Delta ferrite content .....		12
Annex B (informative) Comparison of materials.....		13
Annex C (informative) Guidelines for application of this standard.....		14
Bibliography.....		15
