## Stainless steel components for aseptic applications in the chemical and pharmaceutical industry - Tubes

---

### Contents

Page

Foreword .....	3
1 Scope .....	4
2 Normative references .....	4
3 Dimensions and pipe ends .....	4
3.1 Dimensions and tolerances.....	4
3.2 Tube straightness.....	6
3.3 Tube ends .....	6
4 Designation, ordering details.....	7
4.1 Designation .....	7
4.2 Ordering details .....	7
5 Materials .....	7
6 Surface finish and execution.....	8
7 Testing and documentation .....	9
8 Acceptance criteria .....	9
9 Marking .....	11
10 Packaging and transportation .....	11
Annex A (informative) Delta ferrite content .....	12
Annex B (informative) Comparison of materials.....	13
Annex C (informative) Guidelines for application of this standard.....	14
Bibliography.....	15
