

# DIN 11866:2016-11 (E)

## Stainless steel components for aseptic applications in the chemical and pharmaceutical industry - Tubes

---

<b>Contents</b>		<b>Page</b>
Foreword .....		3
1	Scope .....	4
2	Normative references .....	4
3	Dimensions and pipe ends .....	4
3.1	Dimensions and tolerances.....	4
3.2	Tube straightness.....	6
3.3	Tube ends .....	6
4	Designation, ordering details.....	7
4.1	Designation .....	7
4.2	Ordering details .....	7
5	Materials .....	7
6	Surface finish and execution.....	8
7	Testing and documentation .....	9
8	Acceptance criteria .....	9
9	Marking .....	11
10	Packaging and transportation .....	11
Annex A (informative) Delta ferrite content .....		12
Annex B (informative) Comparison of materials.....		13
Annex C (informative) Guidelines for application of this standard.....		14
Bibliography .....		15
