

ISO 17387:2008-05 (E)

Intelligent transport systems - Lane change decision aid systems (LCDAS) - Performance requirements and test procedures

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Terms and definitions	1
3	Classification	4
3.1	Coverage zone classification	4
3.2	Target vehicle closing speed classification	5
4	Functional requirements	8
4.1	LCDAS state diagram	8
4.2	System performance	10
4.3	User interface	15
4.4	Operation with trailers	16
4.5	Self-test requirements	16
5	Test requirements	16
5.1	Test target vehicle	16
5.2	Environmental conditions	16
5.3	Blind spot warning test requirements	16
5.4	Closing vehicle warning test requirements	24
5.5	Lane change warning test requirements	29
Annex A (informative) Blind spot warning example cases		34
Bibliography		49
