Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 2

4 Abbreviated terms 2

5 Principle 3
5.1 General 3
5.2 Compatibility 4

6 System functionality 6

7 Design recommendations 7
7.1 General 7
7.2 Installation of CPOD resonators into CRS 7
7.3 Installation of CPOD sensors into passenger seats 9

8 Design requirements 10
8.1 Requirements for CPOD child seats 10
8.2 Requirements for CPOD passenger seats 11

9 Compatibility measurements 11
9.1 General specification 11
9.2 Compatibility test parameters range 12
9.3 Adjustment of backrest inclination 12
9.4 Compatibility measurements for CRS 14
9.5 Compatibility measurements for passenger seats 20

10 Labelling 27

Annex A (normative) Determination of the passenger seat reference point (CRP) 29

Annex B (normative) Geometrical descriptions 31

Annex C (normative) Detailed specification of the CPOD system functionality 33

Annex D (normative) CPOD child seat compatibility test bench 44

Annex E (normative) CPOD passenger seat compatibility test device 55

Annex F (normative) Additional definitions 59

Annex G (normative) Magnetic coupling factor measurement procedure 64
